ENJOY SILENCE

Syneo Soft

Comfortable silence: Together with the fabric covers in your chosen colours, fleece padding and a thin layer of laminate ensure optimum acoustics.

The gift of silence

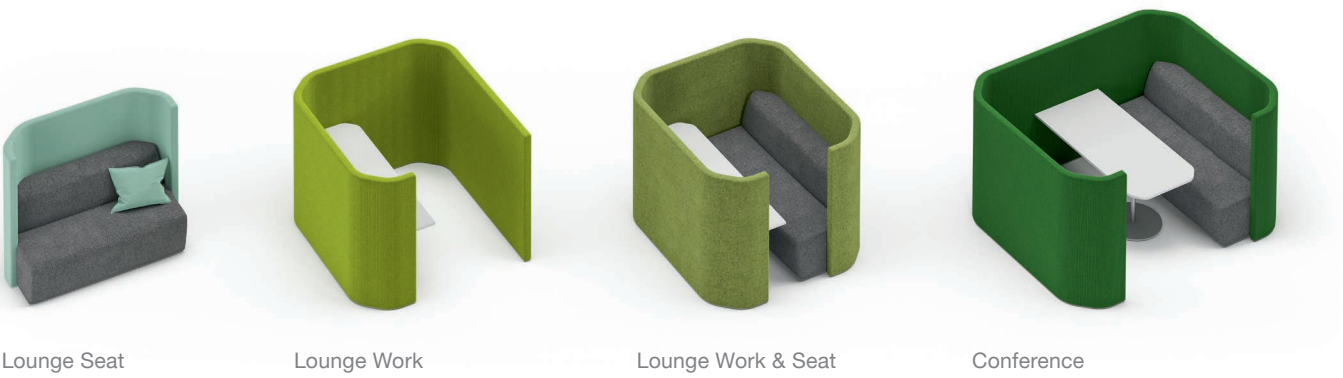

The Syneo Soft Lounge furniture systems promote concentrated working and creative dialogues in a truly comfortable atmosphere. With their stylish design and high-quality materials, the temporary workstations create visual highlights in contemporary open-plan working environments. Available in three different versions, the innovative lounge furniture offers the perfect solution for all requirements. Each design can be customised with regard to looks and features.

TÜV and GS certified: All Syneo Soft designs meet the high quality and safety standards of the German product safety regulations.

Rethinking communication zones

Syneo Soft Lounge

The Syneo Soft Lounge furniture can be used flexibly – whether in open-plan offices, reception and waiting areas or at trade fairs and events. With its meticulous finish and the high-quality materials it is made of, the furniture creates a relaxed environment for meetings and contribute to better acoustics in the room. Thanks to the limited number of basic elements as well as the durable light engineered construction, the lounge furniture is easy to move around and can be positioned where it is needed in next to no time.

 Optional integrated plug socket

Syneo Soft Meeting

Syneo Soft Meeting's open or closed room-within-a-room solutions create contemporary refuges in open-plan offices or noise production areas. Range of sizes and colours, plus optional matching extras such as tables or seating elements. To promote productivity, the quiet communication zones are equipped with electric components as well as a lighting and a ventilation system. Both are controlled by a movement sensor.

 Perfect climate control thanks to ventilation system

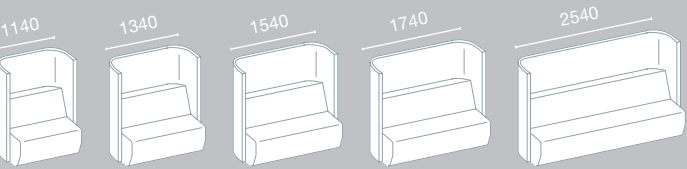

Syneo Soft Phone

The space saving, closed workstation System Syneo Soft Phone creates a perfectly quiet working environment for undisturbed telephone conversations. With the aim of maintaining caller privacy, all sound is absorbed to ensure that the conversation cannot be overheard. Each workstation is also equipped with a movement sensor that controls the integrated lighting and ventilation system.

Experience versatility

Thanks to the wide choice of colours and fabrics, all Syneo Soft Lounge furniture can be customised. With more than 60 colours and finishes in the categories Step, Step Melange, Blazer and Basic, Syneo Soft impresses with a stylish look but also with surfaces whose high quality you can feel.

See www.assmann.de/syneo for the wide range of colours as well as more detailed product information about all Syneo designs.

ENJOY SILENCE

Syneo Part

Impressive looks: The clear-cut design of the Syneo Part seating elements is eye-catching in any working environment – from the comfortable diner banquette to the flexibly usable stools.

Sound absorber

Syneo Part creates the ideal conditions for spontaneous meetings: the high-quality materials and carefully coordinated surfaces of the seating elements improve the room's acoustics. Thanks to a wide range of different versions, the designs are also flexible and can be completed with practical storage and wardrobe solutions.

Try out Syneo Soft and Syneo Part on your own premises with our flexible hire concepts.

For more creative impulses

Syneo Part Diner

Lunch break with an American touch: introduce a timeless design moves to your break room, canteen or meeting area with Syneo Part Diner. Available with two different backrest heights. Each Diner element can be connected to another or be extended with an additional storage element.

Syneo Part Wardrobe

The Syneo Part Wardrobe offers space for everything. Depending on your particular requirements, the individual elements can be connected to each other in the way that looks and works best. Besides the seat option with backrests of varying heights, combinations with storage and shelf elements are also possible.

Syneo Part Seating Elements

Syneo Part seating elements are available in three different sizes and are easy to move around as they are equipped with loops. The modern design with soft edges is a perfect match for the Syneo Soft family; the seating elements can therefore easily be combined with the Lounge or Meeting designs.

Syneo Part Mobile Pedestal

Practical as well as comfortable: Syneo Part mobile pedestals offer plenty of storage space for important documents and also feature a soft cushion on top. Equipped with castors and a loop, the mobile pedestals can be moved around effortlessly.

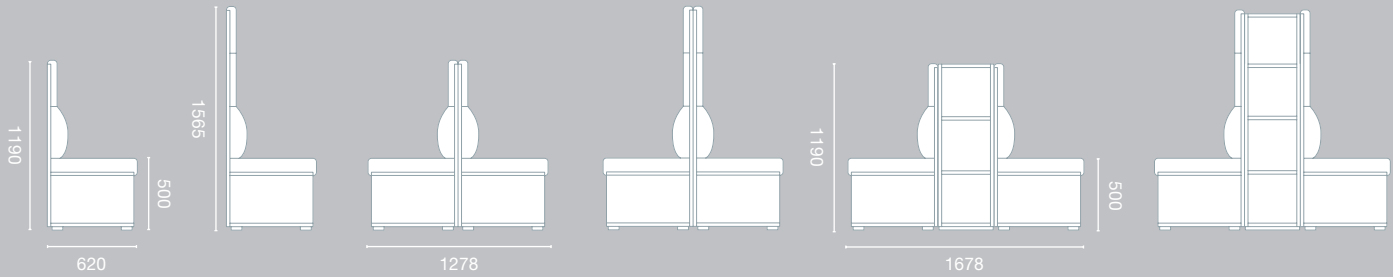

Syneo Part Bistro Table

The bistro table perfectly matches all Syneo Soft and Syneo Part furniture. It is available in sixteen finishes to ensure that the colours also match. A magazine shelf below the table top provides additional storage space.
